

CLEANING & LOADING KIT - P/N: 2022025

Discover ultimate convenience with the Cleaning and Loading Kit. Perfectly designed for maintenance and operation, this kit features a 4-piece cleaning rod with a nylon brush for thorough tube cleaning of the electrical interfaces. The Launcher Loading Tool ensures safe rocket loading, preserving the rocket's protective foil. Housed in a secure canvas tool roll, it's your essential companion for maintaining Arnold Defense's 2.75" rocket launchers.

Dimensions:

Rolled Kit Size: 31.5" x 5"

Unrolled Kit Size: 31.5" x 12"

Cleaning and Loading Kit weight: 14 lbs

The Cleaning and Loading Kit includes:

- 4-piece cleaning rod including nylon brush that cleans the full length of our 2.75" rocket launcher tubes
- Launcher Loading Tool to safely complete rocket loading in our 2.75" rocket launchers without damaging the rocket's protective foil
- Small nylon brush to clean the launcher's electrical contact interface with rocket
- Canvas tool roll to secure the Cleaning and Loading Kit contents
